### PRODUCT DETAILS:

The Mantle 4 Light Entry adds a touch of modernity to any design. The cage housing the candelabra sockets of the Mantle series is a slightly bloated pentagonal prism, which gives it the classic shape of a house. Inside the cage, four lights fitted with simple bobeches sit on curved rods that connect to a straight downstem. The light emitted is soft and warm, creating a cozy and inviting atmosphere. Whether used as the main light source in your living room or dining room or as an accent piece in a bedroom, entryway or hallway, Mantle series is sure to make a statement in gold leaf or matte black. Its distinctive design and high-quality construction ensure that it will be a fixture in your home for years to come, providing both timeless style and functionality.
