# ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER WHILE INSTALLING OR SERVICING THIS FIXTURE.

NOTE: Before installing, consult local electrical codes for wiring and grounding requirement.

1. **Assemble the nipple onto the cross bar and lock it in place by hex nut.**
2. **Attach the cross bar to outlet box using 2 outlet box screws upwards.**
3. **Determine the length of the chain you need using pliers to disconnect the extra chain and discard it away.**
4. **Determine the length of stem/stems you need.**
5. **Install bulb as shown on the picutre.(not included) (Please do not exceed the maximum capacity which is recommended on the fixture.)**
6. **Thread one stem nipple onto the metal shade and then thread one stem onto the stem nipple.**
7. **Feed fixture wires and ground wire through the stem and stem nipple.**
8. **Thread the other stem nipple onto the other stem and thread them onto the top of the stem(s).**
9. **Repeat step 7 to step 8 until all desired stems are connected, then thread the fixture loop onto the top of the stems.**
10. **Hook chain links onto the both ends of the chain and hang the chain to the top loop and the fixture loop.**
11. **Weave fixture wires and ground wire through the fixture loop, every other chain links, top loop, top nut, canopy and nipple and then secure the top loop to the nipple.**
12. **Make wire connections:**
    --Attach ground wire to house ground wire using a wire nut or attach them to the cross bar with a green ground screw.
    --Attach white wire from light to white wire from power source with a wire nut.
    --Attach black wire from light to black wire from power source with a wire nut.

    Observing: positive wire with positive wire, negative wire with negative wire, ground wire with ground wire.
13. **Tuck the wire connections neatly into the outlet box.**
14. **Attach the canopy to the ceiling, then secure it with the top nut.**
15. **Turn on the power at fuse or circuit box.**
